

Championship Information Sheet

Most of the information required by Association members, including this information sheet can be downloaded from the SAJSA website www.sajsa.com.au

A location map, pitch layout and the fixtures can be accessed under the Championships tab. The standings at the end of each day will be published on the site overnight during the Championships. This information sheet and the playing rules and policies can be accessed under the Documents tab and all Associations must make themselves aware of these.

Signed off team registration forms showing the players' shirt numbers, names and FFA registration numbers must be lodged at the Administration Office 1 hour before a team's first game. The team registration sheet will act as a master team sheet and individual team sheets do not have to be filled out for each game. Players must retain the same shirt number throughout the Championships and if a goalie is changed before or during a game the referee must be notified.

Each Association must nominate a person on the first morning to sit on a Disciplinary Tribunal if required.

Each Association will be allocated a pitch to tidy up at the end of each day and to remove the flags and nets at the end of the games on day 3. An Association official must obtain this information from the Administration Office on the first morning.

Any complaint, query or request to the Administration must come through the Association delegate and not from team officials or parents.

The FFA Referees Branch cannot guarantee that they will be able to supply assistant referees' for the Championships. Please ensure that each of your teams has a person available to act as a linesperson.

Could each team please ensure that your team manager or other nominated team official wears a coloured vest or bib to identify them as a team steward for the referee to approach if (s)he needs to relay requests or information during a game.

Each team and coach should remain within the designated technical areas during a game. If a technical area is not marked both teams should be on the same side of the pitch as directed by the referee and remain within an imaginary box 7m x 5m either side of the halfway line.
